If you have questions about the AP program or requirements, start with your local or Region AP manager. If you still have questions, contact Frank Koch at fkoch@hotmail.com. If you prefer to write, contact Frank at 4769 Silverwood Dr., Batavia, OH 45103.

HEADQUARTERS

NOTICE OF ELECTIONS

The following NMRA Board of Directors positions are open for election in 2011:

1. Central District Director;
2. Canadian District Director; and
3. Regional Advisory Council (RAC)

Director.

Please check Article III, paragraph 12, of the NMRA Executive Handbook, EHB, located at http://www.nmra.org/national/organization/nmra_organization.html for the extent of the districts affected. Qualifications for candidates are listed in the EHB.

All submissions of candidates' names for consideration by the Nominations Committee for the Central District Director shall be submitted to Didrik Voss, Chairman of the Nominations Committee, davoss@pvmtengr.com, no later than July 30, 2010.

Nominations for the Canadian District Director are managed by the Canadian Nominating Committee. Contact Clark Kooning, MMR, Canadian Regional Director, candir@hq.nmra.org, for more information.

Nominations for the Regional Advisory Council Director are managed by the Regional Advisory Council. Contact Bob Ferguson, RAC Director, racdir@hq.nmra.org, for more information.

Candidates may wish to run for these positions by petition and not be subjected to the decisions of the respective Nominations Committees. Requirements for submitting by petition are contained in the EHB. All submissions by petition shall be received by the Secretary NMRA no later than September 15, 2010.

Simplify Train Detection

HOn3 TURNOUTS

New From Micro Engineering

Now there's a quality DCC HOn3 Turnout for all those great HOn3 ready to run locomotives and rolling stock that are available. The Micro Engineering HOn3 #6 Code 70 Turnouts are DCC compatible right out of the package with no modifications necessary and are also fully compatible with traditional DC block power systems. The turnouts match Micro Engineering HOn3 Flex-Trak and feature small, scale size spikes, no tie plates which was normal practice on narrow gauge railroads, slide plate and rail brace detail, sprung switch rails, cast metal frog and guard rails, optional positioning of headblock ties on either side of the turnout, and detailed instructions including wiring. See them at your dealer or order direct.

15-105 HOn3 Code 70 #6 LH \$19.95 15-106 HOn3 Code 70 #6 RH \$19.95
