

## **STEVE JURANICS**

I'm running for VP of NMRA Canada, following up on my service as VP over the last two years.

I joined the NMRA in 2010 after diving back into the hobby after a 20 year hiatus.

I served as the Western Ontario Division Superintendent 2014-2016 during which time I was also the 2015 Niagara Frontier Region Convention Chair.

I'm currently participating in the Achievement Program and have earned five AP certificates.

I've had articles published in MRH and published many videos on YouTube under the handle "Muskoka Steve".

Southern Ontario is a hotbed of Model Railroading and I enjoy monitoring and reporting to the NMRA Canada board the goings on in the area.

I would appreciate your support to continue as VP.
